*Orangeville, Illinois*

Thirty-seventh Public Sale of  
**RARE COINS**

To Be Sold by Mail Auction  
to the Highest Bidder Without Reserve  
**SATURDAY, MARCH 17, 1928, by**

**M. H. BOLENDER**

**P. O. Box 34**

**Orangeville, Illinois**

**To Collectors**—There were more bids and more buyers at my sale of Feb. 16 than at any one of my 35 preceding sales. The growth has been steady and sure. To me this is really gratifying, and to my customers I sincerely trust that it proves the merit, sound business methods, and quality of my sales.

Send in a liberal number of bids and **MAIL THEM EARLY** if convenient. Bids must reach me not later than the morning mail of the date of sale. And you may be safe in making your bids liberal because (1) I do not over-rate the quality of a lot; (2) I buy below your bids wherever possible; and (3) I positively return your money if dissatisfied, plus postage both ways.

This sale has a wide variety of numismatic material, something for every active collector, whether he be the beginner, amateur, or advanced numismatist. You will find a very wonderful collection of Ancient Roman coins, with a coin for nearly every emperor and person for whom a coin was struck, in either bronze or silver, and in remarkable state of preservation; gold aureus of Domitian; ancient coins of Carthage, Greece, etc.; Colonial coins; rare Bechtler dollar; nice foreign silver of dollar size collection; many fine and choice U.S. coins, including fine early half cents; pattern pieces that are rare of both the U.S. and Germany; several Panama-Pacific half dollars; many Civil War cents; genuine Indian relics; new issues of coins; Colonial paper money; Irish Republic paper; choice British tokens; unusual Swedish, Portuguese, and Spanish copper coin collections; Swedish plate 1 daler; Bryan dollar; broad 3-crowns of Brunswick, etc., etc., over 600 lots. Look over the sales list carefully as you may find just what you have wanted for a long time.

Collectors of experience find that not all dealers classify coins alike.

My classifications and descriptions are based on knowledge gained through 15 years of earnest dealing in coins. I have endeavored to refrain from over-rating the quality of a lot, which is so common. I believe that the word "**RARE**" should not be over-worked.

Please remember my strong guarantee. If goods are not satisfactory (you are to be the judge), you are at liberty to return them without any danger of offending.

New bidders should send references or a deposit of at least 25 per cent of bids.

Be sure to send some bids to this sale. If you find nothing to bid on, and you want next month's sale list, it is safest to request same by postal card. If no bids are received from you,

your name is subject to withdrawal from my mailing list to make room for new collectors. It takes only a minute of your time and a postal card to bring you the next sales list in case you send no bids this time. If you send bids, you are certain of next month's sale list.

Coins will be bought as much below your bids as possible, as this is competitive bidding carried out in good faith.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt and we ask you to pay only once. However, if a 2-cent stamp is enclosed we will send receipt.

Some new unsolicited testimonials recently received:

"The coins arrived and I am more than satisfied with the lot. Each one has its own particular merit, and I can readily see why your business is growing."

"Your sales are more and more popular and have proven very satisfactory as I have purchased from you, and sold through you."

"Your arrangement of coins sent in by me for sale is quite satisfactory."

"I am very pleased with the way you arranged and classified my coins."

"I am always pleased to receive your catalogs; our dealings have been most satisfactory and pleasant."

"I have always been exceptionally well pleased with the results of your auctions and I look forward to your sales with great interest."

"The coins arrived and I am most pleased with them."

"At this time I wish to state that I have the utmost confidence in your classification of coins."

"Was very much pleased with both coins and prices I received from your last auction."

"Your coins received and many thanks. They came up to my expectations in every way."

"I received your recent shipment of coins this date and all are very satisfactory."

I have hundreds of similar letters on file in my office, open to inspection by visitors.

The following was written by an eminent numismatist and a specialist on United States fractional currency:

"The 25 pieces of United States fractional currency purchased in your sale of Dec. 15 by me, is one of the finest lots I have seen come out of any auction sale, and whereas you have saved me 11 per cent also on my bids I am well satisfied. I have bid at all your sales for a considerable time and perhaps you have noticed I have been increasing my bids each time—there is a reason: dependability and prompt and courteous service."

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Please bid by the piece unless stated to bid for the lot.

**Note**—I want to thank by many customers for our pleasant dealings, and especially for the words of general satisfaction received, and prompt remittances. The high character of collectors is easily observed by a dealer.

**Next Sale Will Be April 17.** Get your coins in not later than March 20 for this sale.

Those duplicates in your collection are doing you no good. Send them in to be sold in my next sale now in preparation. Then, invest the proceeds in something you want. That is the way several prominent collectors are improving their collections with joy.

Quick returns and satisfactory results are realized as I hold sales regularly each month. Write for terms. Member of American Numismatic Association.
